

Prolotex[™] EASY FIT Long Sleeve T-Shirt for Ladies

(Handmade Shirts)

Prolotex[™] EASY FIT Bio-Ceramic Long Sleeve T-Shirts emit health promoting far infrared rays increasing circulation to your muscles and joints. Healthy white blood cell count is increased providing you with greater immunity, superior health and a better quality of life.

Prolotex[™] Far Infrared Shirts are a drug free therapeutic product made with non-toxic natural “Bio-Ceramics” scientifically & medically shown to rejuvenate the tiny capillaries and blood vessels.

Wear PROLOTEX[™] Far Infrared Therapy Shirt on a regular basis to help ease the muscle pain in your shoulders, and even rejuvenate the cells and tissues.

“When I learned about your products I was suffering from fibromyalgia and was in agony. I bought the t-shirt for the excruciating pain in one of my shoulders and after only a few days of wearing the shirt 24 hours a day, the pain subsided considerably. For me it was a miracle! Thank you for making such a wonderful product, I was in such pain that I was suicidal and today I embrace life and look forward to the future. Thank you with all my heart.”

- Danielle L.

PROLOTEX[™] Shirts are excellent for Arthritis pain relief in your neck and shoulders. Since Far Infrared Therapy help to reduce pain, inflammation and swelling, we believe Prolotex[™] FIR Shirts will be perfect for soothing the pain of fibromyalgia.
