

Specially designed for a woman's body type, the Prolotex™ EASY FIT Far Infrared Therapy T-Shirts are soft and comfortable to wear during the day and/or at night. The unique design allows for maximum comfort around the shoulders, neck and torso.

The combination of style and the healing benefits of the Far Infrared Rays emitted from the fabric, make this the preferred choice when it comes to therapeutic shirts.

Features of the EASY FIT T-Shirt

- Short Raglan Sleeve for gentle comfort.
- V-Neck design offers a classy but functional design.
- Smooth, flat seams for comfort
- Moderately shaped at the waist for added comfort and style.
- A generous curve to the rear shirttail helps keep the shirt in place.
- Soft, comfortable fit.
-

Shirt Fabric Content:
Polypropylene fibers that are fused with micro-particles of lead-free bio-ceramics
95% Polypropylene, 5% Ceramic
