Prolotex™ Raynaud's "COMFORT FIT" Socks come in 4 sizes and fit a normal to narrow foot with normal to narrow ankles. These are great for individuals who want a more "Comfortable" Fit! People like to wear Prolotex™ "COMFORT FIT" FIR socks when they play tennis, golf, soccer, hockey, basketball, in-line skate, ice-skate, ski and numerous team sports. Offering a wonderful range of health benefits, as well as pain relieving comfort, wearing Prolotex™ "COMFORT FIT" Far Infrared Socks really is a whole new experience.

He is actually wearing them! Says they keep his feet warmer!

Use these special Raynaud's Socks for Cold Feet, Raynaud's Syndrome, Peripheral Neuropathy, Athlete's foot, Tarsal Tunnel Syndrome, and reducing the odor of smelly feet.

The Far Infrared Energy from the socks helps to increase the microcirculation in your feet and toes and helps to reverse Raynaud's Symptoms.

Far Infrared Socks have been shown to increase microcirculation in the blood vessels and small capillaries in your toes and feet.

Increased circulation equals warmer feet.
