

PROLOTEx™ - REGULAR FIT – Men's Gloves

You can wear *REGULAR FIT - Men's* Prolotex™ Raynaud's Gloves during normal daily activities and while you sleep at night.

Designed for people with a normal to wide hand and normal to thick fingers. Our best fitting glove for Men.

Prolotex™ REGULAR FIT - Men's Gloves are our new and improved pattern on our flagship standard glove design.

Prolotex™ Raynaud's Gloves gently emit and reflect far infrared rays (FIR) deep into the soft tissues of your hands, helping to rejuvenate the **damage done by Raynaud's**.

Prolotex™ Regular Fit Men's Gloves increases the delivery of fresh oxygen and nutrients by fueling the building blocks that can help restore your hands and reduce the number of vicious attacks by Raynaud's.

Code:	PRO-G01b

Far Infrared Rays are very helpful in reducing inflammation and relieving your pain.

Less hand pain is always good!

hello,o,

thank you so much for all your time, effort, and energy in creating these gloves. they work!!!!!! my hands and feet{toes included} are so sensitive to the smallest change in weather. i have reynauds syndrome and lupus. also have tried everything with little sucess. these gloves work. it is nothing short of a miracle.

with warm wishes and deep gratitude. you guys are GREAT!

DIANE R.
